All instruments are property of Austin ISD and are temporarily lent to students. Instruments are expected to be returned in the same condition in which they were distributed. Careful and responsible handling of all instruments and cases is expected at all times. By signing this agreement, students and parents are assuming full financial responsibility for all instruments or school owned materials that are damaged, lost, or stolen while assigned. We are requesting a \$20 donation for instruments borrowed over the summer to help cover routine maintenance.
